Use-Case Name: 5.0 View pending requests

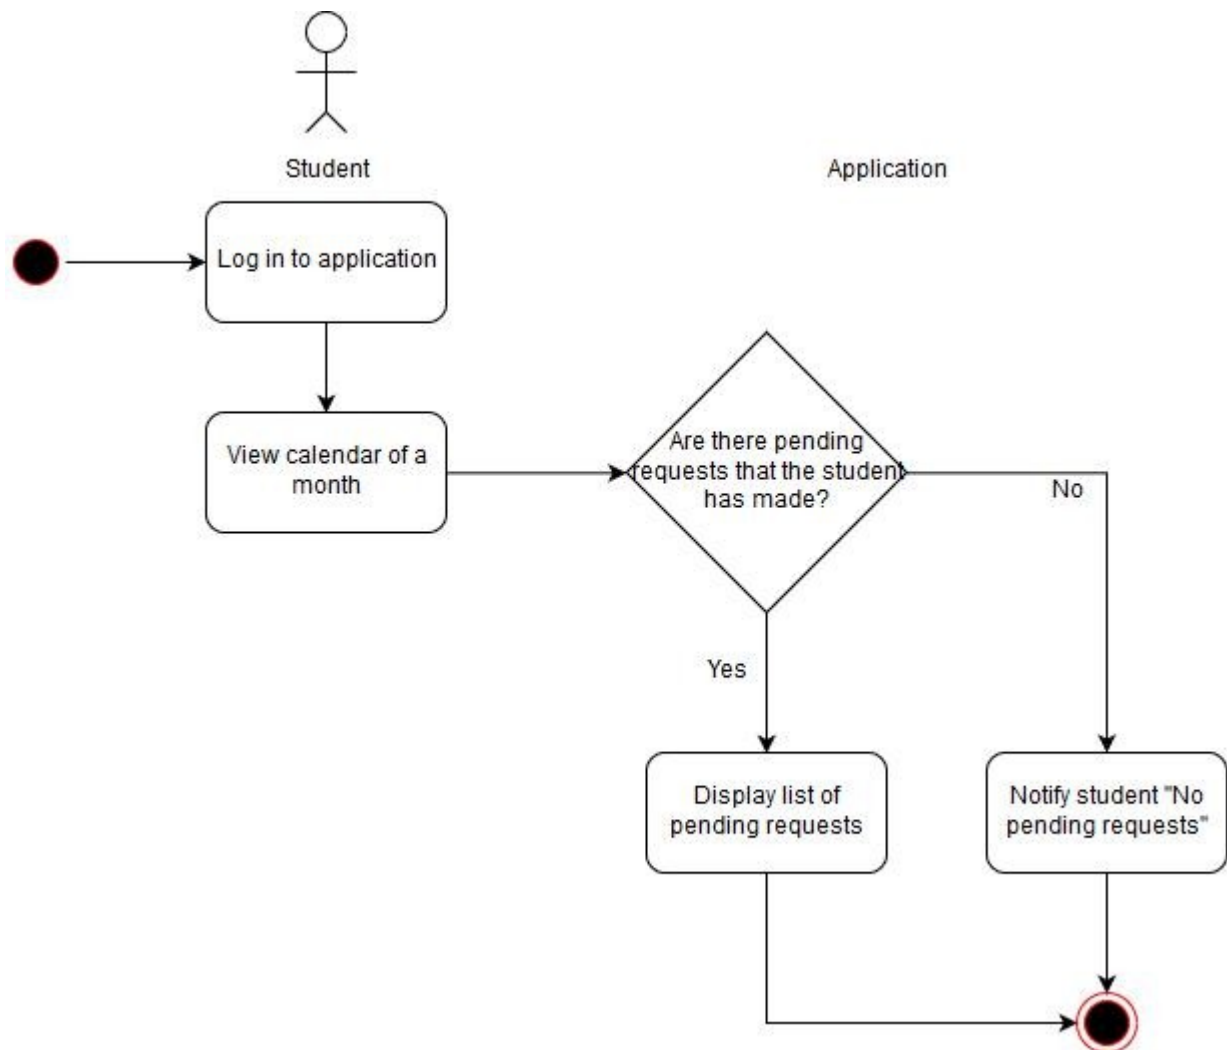

Description: The student can view the list of pending requests as well as the list of his/her requests that have been rejected.

Preconditions: The student must have made at least one (1) event request before viewing the list of pending requests.

Flow of Events:

Scenario Name	Description
Scenario 1 A list of pending requests is displayed.	1. The student logs into the application. 2. The student views the calendar of a certain month. 3. The list of pending and rejected requests will be displayed.
Scenario 2 There is no list of pending requests.	1. The student logs into the application. 2. The student views the calendar of a certain month. 3. If there are no requests made, the application notifies the student with the message "No pending requests".

Activity Diagram of the Flow of Events:

Postcondition: None.

Relationships: None.

Special Requirements:
None.
